HONOLULU, H. T., TUESDAY, APRIL 19, 1904—SEMI-WEEKLY.

WHOLE No. 2582.

## RUSSIA WANTS TO FLOAT A LOAN OF TWO HUNDRED MILLIONS

### THE CZAR IS REPORTED DISSATISFIED WITH ALEXIEFF

(ASSOCIATED PRESS CABLEGRAMS.)

LONDON, April 18.—It is reported that Russia is in need of money to finance the war. An issue of two hundred millions in bonds is expected.

#### JAPANESE ARE COURAGEOUS.

PINGYANG, April 18.—The roads are in a terrible condition near here. The Japanese display remarkable courage and endurance in carrying on their operations in face of almost insurmountable difficulties.

#### EMPEROR DISSATISFIED.

ST. PETERSBURG, April 18.—It is stated that the Emperor is dissatisfied with Viceroy Alexieff's conduct of the war.

#### DYSENTERY AT HARBIN.

ST. PETERSBURG, April 18.—Dysentery has broken out among the Russian troops at Harbin.

#### JAPANESE GOING TO YINKOW.

PORT ARTHUR, April 18.—It is rumored that twenty Japanese transports were sighted, going to Yinkow.

The Russian are impatiently awaiting the landing of the Japanese. It is quiet here.

#### RUSSIANS ADVANCING.

SEOUL, April 18.—The Russians are in the vicinity of Sungju and the Japanese residents, including the consul, left there on steamer going to Gensan.

#### CELEBRATING THE VICTORY.

TOKIO, April 18.—The Japanese are elated over their success at Port Arthur. Celebrations are being held in various parts of the city.

#### DELAY LAND OPERATIONS.

VLADIVOSTOK, April 18.—No land operations are expected to take place here very soon.

#### ROADS IMPASSABLE.

MUKDEN, April 18.—Heavy rains have rendered the roads impassable and operations have been suspended.

#### JAPANESE INFANTRY.

PORTLAND, Ore., April 16.—The floods in Eastern Oregon are delaying traffic on the railroads.

PITTSBURG, April 16.—Andrew Carnegie has created a fund of \$5,000,000 for the benefit of the dependants of those losing their lives in the performance of heroic deeds in the United States and Canada; also for the benefit of the heroes themselves if they survive with injuries.

WASHINGTON, D. C., April 15.—The Senate today passed the Canal Bill for the administration of the Panama Canal strip.

WASHINGTON, D. C., April 16.—Congress will probably adjourn on the 28th of this month.

ST. PETERSBURG, April 16.—It is rumored here that the Japanese landed 12,000 men west of the Yalu. The Russians attacked and drove them back to the ships with heavy loss in men and guns.

## WAR NEWS FROM JAPANESE FILES

TIENTSIN, April 2.—Some Americans have hired a Chinaman's house at Yinkow to hold a meeting and hoisted an American flag. The Russian authorities have caused it to be hauled down.

TIENTSIN, March 31.—The British Consul at Yinkow has given notice to the British residents that although Russia has proclaimed martial law, British subjects need not obey it before the Consul receives instructions from the British Minister concerning the question, and further that the Consul will hold himself responsible for their protection.

#### WAR CORRESPONDENTS.

There were two correspondents on board the Chicago Daily News press boat Pan (a British steamer), which is being detained at Newchwang. On suspicion of being spies, the American correspondents are under arrest by the Russians together with two Japanese servants. One of them is Mr. Washburn, son of a Senator. Japan Gazette.

#### A GERMAN DISCLAIMER.

BERLIN, April 8.—The statement of the New York Herald that Germany sold four vessels of the cruiser type to Russia is no British or all similar foreign false reports.

#### MOON PROHIBITED.

SHANGHAI, April 1.—Rags have been prohibited on board of war. The Chinese authorities at Shanghai prohibited their agents from taking rags. The rag dealers have been arrested. Regulations are now in effect.

#### FEAR SUBMARINE BOATS.

ST. PETERSBURG, April 16.—It is believed that the Japanese are using submarine boats at Port Arthur.

#### RUSSIAN REPORT OF BOMBARDMENT.

PORT ARTHUR, April 16.—In the Japanese bombardment of this place, occurring Thursday, seven Chinamen and five soldiers were killed and three Chinamen wounded. The town was not damaged although the Japanese fired 185 projectiles.

#### HARBIN HEARD FROM.

HARBIN, April 16.—China is showing a more conciliatory spirit. Food prices are rising.

#### RUSSIA'S BATTLE LINE.

LIAOYANG, April 16.—The Russian intrenchments on the Yalu have been completed. The center is at Antung, the right flank rests at Lat-ung-Kan and the left at Chin-tien-Cheng.

#### HERE'S GOOD CHEEK.

NEW YORK, April 16.—President DeForest of the Wireless Telegraph Company has requested that Secretary Hay protest against the intention of Russia to treat the users of wireless telegraphy in the field as spies.

#### THE PALACE FIRE AT SEOUL.

SEOUL, April 16.—With the exception of the Kinseiken building, which is in the European style, all the palace buildings were consumed in yesterday's fire. The Emperor has taken refuge in the library of the Kinseiken. Archives and treasures were destroyed.

#### AFTERNOON REPORT.

SEOUL, Korea, April 15.—The palace of the Korean Emperor was destroyed today by fire. The Emperor escaped without injury. The fire caused great consternation at the Korean Court and among the people. It is believed the fire was set by incendiaries.

WASHINGTON, D. C., April 15.—Formal notice has been served on the United States Government that Russia will regard as spies and shoot correspondents using wireless telegraphy for the transmission of their dispatches.

TIENTSIN, China, April 15.—It is reported that twelve per cent. of the Japanese troops in Korea are ill. The hardships of the campaign are having a telling effect on the Japanese soldiers and may cripple the movements in contemplation.

ST. PETERSBURG, Russia, April 15.—General Kuropatkin will soon have 120,000 troops between Mukden and Liao Yang. Admiral Alexieff reports that there are now only two undamaged battleships at Port Arthur.

HARBIN, April 17.—Two Japanese officers, disguised as lamas, have been captured. They intended to blow up the railroad bridge near Fullard.

#### SEVASTOPOL NOT SUNK.

ST. PETERSBURG, April 17.—The reported sinking of the Russian battleship Sevastopol is officially denied.

#### ALEXIEFF AT PORT ARTHUR.

PORT ARTHUR, April 17.—Eight hundred and fifty men accompanied Alexieff here to assist in the defence.

#### FLEET TO STAY IN PORT.

PARIS, April 17.—It is reported that Alexieff has been ordered not to permit the fleet to leave Port Arthur before the arrival of Skrydloff.

## RUSSIANS CLAIM TO BE SENDING SUBMARINE BOAT TO PORT ARTHUR

### Parker Gets New York Delegation. Hearst Was Not Mentioned. Russians in Korea.

(ASSOCIATED PRESS CABLEGRAMS.)

ST. PETERSBURG, April 19.—The first sub-marine boat intended for use at Port Arthur has been shipped in sections to that place.

#### RUSSIANS IN KOREA.

SEOUL, April 19.—A strong force of Russians is advancing down the Eastern Korean coast near Gensan.

#### JAPANESE FORCES MOVING.

SHANGHAI, April 19. Forty Japanese transports have landed a portion of an army at Takushan. The others will embark at Yon-gampho to force the Yalu.

#### MADAME MAKAROFF'S PENSION.

ST. PETERSBURG, April 19.—The widow of Admiral Makaroff has been granted an annual pension of \$10,000.

#### AFTERNOON REPORT.

PORT ARTHUR, April 18.—It is reported that a Japanese cruiser has been sunk.

TIENTSIN, April 18.—Seventy Japanese transports are reported to be going to Kinchow.

ST. PETERSBURG, April 18.—An attempted landing by the Japanese at Korea Bay has been prevented by the Russian forces ashore.

ST. PETERSBURG, April 18.—The belief is growing here that Admiral Togo's submarine mines sunk the Russian battleship Petropavlovsk.

## STRIKE STOPS WORK ON FOUR BATTLESHIPS

QUINCY, Mass., April 19.—Twenty-five hundred men employed in a shipyard near here have struck, thus stopping work on the battleships Rhode Island, New Jersey, Vermont and Washington.

The shipyard affected by the strike is that of the Fore River Engine and Shipbuilding Company, at Fore River, about five miles from Quincy. The battleship Vermont will be a vessel of 17,604 tons and when completed will be the most powerful vessel in the navy. The battleships New Jersey and Rhode Island are sister ships of the same class as the battleship Georgia, a vessel of 15,000 tons.

## CORRESPONDENTS FOR THE FRONT

KOBE, April 1.—The steamer No. 11 Nagata Maru will have here on April 3 with eleven newspaper correspondents, eleven horses, and thirty-six coolies.

## WAR FUND FOR THE RED CROSS

A meeting of the Japanese War Fund Committee was held last night at which it was decided to turn over the subscriptions received in the Hawaiian Islands to the Red Cross Society of Japan. The fund now amounts to \$42,938 contributed as follows:

Agency of Yokohama Specie Bank	25,283.00
Kei Hin Bank	10,497.95
Patriotic Japanese Women's Association	576.30
Hawaii Shingpu Sha	679.75
Total	\$42,938.00

## VESSELS FROM THE ATLANTIC

No vessels are believed to be obtaining in Oriental waters to replace the Nagata and Hongo Maru, and the two new vessels will doubtless be brought around from the Atlantic coast. Captain Togo of the America Maru by force will be obtained shortly.

THE HIFON MARU, SINCE CONVERTED INTO A JAPANESE CRUISER, WHICH IS REPORTED TO HAVE BEEN SUNK.

# JOE WOODWARD CONFESSES TO CROOKED TAX DEALS

(From Saturday's Advertiser)

Joe Woodward, formerly an employee of the Honolulu Tax Assessor's office, was arrested yesterday afternoon on the order of Deputy Attorney-General Peters, the act being based on a confession of Woodward, involving his obtaining money from tax-payers by the use of irregular tax office receipts.

Woodward made a confession of his guilt in Judge Dickey's court yesterday afternoon during the progress of a case of the Territory vs. W. H. Kailimai, Fish Inspector, who was being sued for alleged unpaid taxes. The climax was something of a surprise to everyone in the court-room with the exception of the Deputy Attorney-General who had purposely appeared to prosecute the case in order that he might entrap Woodward.

When Woodward was put on the stand he blurted out that he and one Thompson had both gone to see Kailimai in 1899 and 1900 to request him to pay up back taxes, and on two separate occasions induced him to pay \$60 and \$32, giving him in return receipts "for taxes" and signed by either Woodward or Thompson. Woodward said that it was a "job" fixed up between the two employees of the Tax Office to obtain money without making returns to the office. Woodward confessed that he had received \$7 on one occasion and \$15 on another as his share.

Kailimai was on the stand during the greater part of the afternoon and related concise story of the methods employed in obtaining his tax money. He stated that he was somewhat behind in payments in 1898, when he "was poor." During that year Woodward came to him and asked him to pay his taxes. He produced a portion of the amount for which Woodward gave him a receipt. The next year they came again and he gave them \$60, receiving a similar receipt, but not the kind that he had formerly obtained on paying taxes at the Tax Office. He said he was surprised this year to receive a request from the Tax Office to pay the very taxes he supposed he had paid when he received receipts from Woodward. He went to the Tax Office and exhibited his receipts, which he claims were put in an envelope and marked with his name. He claimed that since then he has not seen the receipts nor did he know what had become of them. Amana of the Tax Office had put them away in the envelope and there were other persons present when this was done.

"I pray to God, Mr. Peters, that I am telling you the truth about these receipts," solemnly said Mr. Kailimai raising his hands toward the ceiling when asked whether he was sure that Woodward had given him these irregular receipts. "I don't want to tell a lie," he added.

When Woodward was put on the stand as a witness, Peters crowded him to make a statement of his participation in the shady transaction. When pressed to give an account of the reasons for giving irregular receipts to Kailimai for tax money paid but not turned in, Woodward broke down and implicated Thompson, saying it was "fixed up between" them to get the money in this manner for their own use.

Deputy Attorney-General Peters asked that Woodward be at once committed to the Circuit Court for trial or to the Grand Jury for investigation of his case. Judge Dickey doubted whether the proceeding would be regular in the absence of formal charges. Mr. Peters thereupon took Woodward to the Police Station and had him locked up.

## THE FORMER CASE.

A. D. Thompson, a clerk in the Honolulu tax office, and Joe Woodward, messenger of the same office, were indicted in 1902 for embezzling public money. Jas. L. Holt, the present assessor and collector for Oahu and then a deputy to Assessor J. W. Pratt, had discovered a bogus tax receipt at Palama on May 2 of that year. The receipt was numbered higher than should have been and investigation revealed the fact that other receipts as well had been torn out of a stub book some distance ahead of the series up to that time reached in the tax office business.

Woodward, although he had no authority to collect taxes, had signed the receipts. He confessed to having collected taxes from different people, giving them irregular receipts, but stated that he had done so in collusion with Thompson and shared the money with him.

E. P. Dole was Attorney-General at the time, and E. A. Douthitt Assistant Attorney-General, conducted the prosecution of the cases. To convict Thompson, a nolle prosequi was entered for Woodward so that he could be used as chief witness for the Territory. The prosecution failed, however, to convict Thompson. Hence nobody was punished for the thoroughly established theft of public money. Public opinion was divided as to the credibility of Woodward's confession on that occasion. Assessor Holt believes that Thompson was innocent, but that he acted weakly in not exposing the irregularities of Woodward, of which he was aware, to some extent at least, before Assessor Pratt had been informed. His admission in that regard was coupled with the asseveration that he had urged Woodward to turn in the money irregularly collected, also warning him of the consequences if he did not do so.

The present case against Woodward came out in February of this year when Kailimai was sued for his delinquent taxes. Kailimai never came forward at the time of the 1902 prosecutions. Yesterday he testified that he never heard of the prosecution of Thompson and Woodward, which surprised the tax office people because the first bogus receipt on that occasion was given to a fish market man.

Kailimai explains his acceptance of an ordinary commercial form of receipt from Woodward by saying that he thought he was not entitled to a regular tax receipt when he only made a payment on account.

Woodward, in this second attempt to make Thompson his scapegoat, says the moneys were collected from Kailimai at the fish market after hours by himself and that he handed the amounts over to Thompson, waiting in his carriage outside the market, who then made the division.

## THE HEARST FIGHT.

ALBANY, April 18.—A lively battle is expected in today's convention for the selection of delegates to the Democratic Convention in St. Louis. The chief opposition is of Tammany to instructions for Parker in the National Convention. Tammany is opposed to instructing for Judge Parker for President.

# SORTING OUT LOOSE ENDS OF LEGISLATION

(From Sunday's Advertiser)

Both houses of the Legislature were engaged yesterday in dispatching odd ends of business to clear the way for adjournment of the special session tomorrow. All that the Senate did of real business, but diversions were created by Mr. Brown in moving to change the name of the public park there and by Mr. Achi in anxious effort to secure deliberation of choice of nominees for the County Act Commission. At the instance of the Finance Committee, the Senate shaved \$50 off of a claim for damages for the loss of two horses in the appropriation bill for payment of unpaid bills.

## THE HOUSE.

The House was in session but a few minutes yesterday morning, adjourning then until nine o'clock Monday morning. The Senate bill permitting the sale of bonds at private sale was favorably reported by Chairman Harris of the Finance Committee and passed second reading. The repeal of the old P. G. treasury regulations passed third reading, only Kupihea voting in the negative. The Senate bill allowing overdrafts of half a million at the banks also passed third reading and both bills now go to the Governor.

## THE SENATE.

Mr. Brown created a mild diversion in the Senate, just after opening yesterday morning, by presenting a resolution to change the name of Hoolulu park, Hilo, to Moehau park.

Mr. Dickey opposed the resolution as not germane to the special session.

Mr. McCandless would not vote for the proposed change. He would prefer to call the park after Senator Brown, who had been its champion in the Legislature.

Mr. Paris did not want to be for or against the resolution, believing the matter to be a purely local one. Let the people of Hilo choose the name of their park. Kaploani park was not named by the Legislature. Supposing Mr. Brown had received a petition in favor of the name proposed, perhaps a stronger petition might be obtained against it. Anyhow, it ought to be a joint resolution to be effective. The Senate could not act alone in such a matter.

Mr. Kalaauokalani made a remark, but Mr. Brown here withdrew the resolution. "Moehau" is George C. Beckley's native name. "Hoolulu," the present name of the park, is after Admiral Beckley's ancestor, the high chief who is supposed to have hidden the bones of Kamehameha I.

## HOUSE MESSAGES.

The House of Representatives by letter informed the Senate it had received from its action taken on Senate bill No. 6, to amend Sec. 13 of Act 56, Laws of 1903. It returned the bill with an amendment, with which the Senate forthwith concurred. "This was to correct the error previously reported which made the pay of employees of the Land Registration Court payable out of the court's 'expenses.'" The bill once more passed third reading by the ayes of all present.

The House also notified the Senate that it had passed Senate bill No. 12, to repeal P. G. Act 78, and Senate bill No. 13, amending Sec. 1, Act 49, Laws of 1898, "to further provide for the payment of current accounts;" also that it had concurred in the Senate amendments to the Salary bill and the County Act Commission resolution.

## BILLS PASSED.

House bill No. 5, "malicious injury" law, passed third reading by the full vote, viz: Achi, J. T. Brown, Crabbe, Dickey, Kalue, Kalaauokalani, Kaohi, McCandless, Nakapaahu, Paris, Wilcox, Woods—12.

House bill No. 6, appropriating \$20,715.95 for unpaid bills, passed second reading with an amendment recommended by the Finance Committee re-

during the bill of A. W. Eames for damages from \$429 to \$379, the committee saying:

"Three hundred dollars is for the loss of two horses, which we think is excessive."

The bill was ordered read a third time on Monday.

## PUBLIC LANDS COMMISSION.

House concurrent resolution No. 1, providing for an unpaid commission to report at next session "a plan for the reorganization of our system of accounts, by establishing funds for each island or district," etc., was passed without dissent.

## NOMINATING COMMITTEE.

Mr. Achi moved that Messrs. Dickey, Paris and Woods be appointed a committee to nominate the Senate members of the County Act Commission. To Mr. Paris's objection that the Governor had not yet signed the joint resolution, the mover said they wanted to nominate the best men and men who would be willing to serve.

Mr. Woods agreed with the mover but would withdraw in favor of Mr. Kalaauokalani.

Mr. Dickey did not want to serve. Members from Honolulu would have better opportunity of finding who were willing to serve. Besides the resolution put too much on three men. He favored open nominations in the Senate and a ballot. Mr. Achi having said it was important to ascertain who were willing to serve and have their names brought into the Senate on Monday, Mr. Dickey said he would withdraw in favor of Mr. Achi.

Mr. Achi thought the proper committee was one each from Oahu, Maui and Hawaii, whereupon Mr. Paris of Hawaii said he would withdraw in favor of Mr. Wilcox of Kauai. Mr. Wilcox, amidst general mirth, withdrew in favor of Mr. Achi.

President Crabbe thought Dickey, Paris and Kalaauokalani were all right and put the motion, which carried with those names.

## BILL BECOMES LAW.

A letter from A. L. C. Atkinson, Secretary of Hawaii, announced that the Governor had signed Act 5, amending the tax law.

A motion by Mr. Achi carried, that the Finance Committee report on Monday how many days the clerk should be given to have the Journal of this session printed.

At 10:50 the Senate adjourned until 1:30 p. m. on Monday.

# FILMER AND GOING ARE ON TRANSPORTS

Captain Filmer, formerly of the steamship Hongkong Maru, is now in command of the big steamship Manchu Maru, recently purchased by the Toyo Kisen Kaisha company for use in cargo trade on Oriental waters. The big ship carries nearly 4,000 troops and is now engaged in transport work. Captain Filmer was arrested and held a prisoner for twenty-four hours on his first entry into Yokohama with the Manchu Maru, having failed to hoist his number or to conform to the strict harbor regulations imposed by the Japanese government.

Captain Going, formerly of the Nippon Maru, is also a transport steamer captain.

Several attorney-runners are, we are informed, trying to raise funds among Japanese gamblers in this city to be used on behalf of Funakoshi, the convicted murderer of Motohiro. They claim that Funakoshi could be liberated by resorting to a writ of habeas corpus before United States Judge Dole. The murderer is confined in the Hilo jail at present, pending his appeal to the higher Court.—Hawaii Shippo.

THE LATE MIDSHIPMAN NEUMANN, U. S. N.

# TEN YEARS FOR EACH

## Conspirators Are Sentenced by Little.

HILO, April 15.—Judge Little in the Circuit Court on Thursday morning sentenced Funakoshi and Watanabe, who were tried and convicted at this term of court for conspiracy to extort, to ten years imprisonment each.

Thos. C. Ridgway represented the Territory and J. U. Smith appeared as counsel for the defendants. Another indictment is pending against the same Japanese for conspiracy to abduct which will probably now be quashed. These cases grew out of the tragedy which occurred at a Japanese hotel on Front street in July, 1902, when Motohiro, a carpenter was found with his throat cut from ear to ear and for whose murder the same parties are under sentence of 30 years and 25 years respectively. The murder cases are now pending on appeal in the Supreme Court, no decision having been rendered.—Tribune.

## REPUBLICAN PRIMARIES.

Aside from a little flurry caused by the sudden rise to power of the Young Men's Republican Club, there was little interest shown in the Republican primaries held last Saturday. It is difficult at any time to arouse sufficient interest in the stay-at-home voter to attend and vote at primaries, and outside of Hilo where there was an attempt to create a rivalry in republican leadership, there was not even the appearance of a contest. The Young Men's Republican Club was perfectly organized and every member stood by the "slate" agreed upon at the caucus the night before. The result demonstrated the effectiveness of unified organization and the Smith wing of the party rode into power on the tide of the younger Hawaiian vote. The delegates chosen are all capable men and can be relied upon to represent the wishes of the party in the Convention to be held in Honolulu next Monday.—Tribune.

## SMITH A REPUBLICAN.

I do hereby pledge myself to uphold and support the traditions and policies of the Republican party and announce my unswerving allegiance to the principles of that party and shall uphold and support all regular republican nominees, and shall uphold the constitution of the same, striving to do whatever else may be necessary to perpetuate upon our soil, "A government of the people, for the people and by the people."

## II.

That I will not sign any petition in behalf of or recommending for nomination any person as an independent candidate for any office for which candidates would be or shall have been nominated at any such convention.

(Signed) J. U. SMITH.

The above is a copy of the pledge required to be signed by all persons voting at the republican primaries last Saturday, together with the name of a prominent citizen who subscribed to the same.—Tribune.

## ELKS' RECEPTION.

Mr. and Mrs. A. C. McKenney again said farewell to their friends at an assembly given in their honor by the Hilo Elks at Elks' Hall Tuesday evening. The hall was decorated with flags of various nations, and bamboo. The weather conditions were anything but favorable to an assembly of any sort, but among the large number of guests there was no regret for the inconvenience occasioned by the downpour. It was the largest affair ever given by the Elks and the success of the evening was jointly due to the regard in which the guests of honor are held by the community and the excellent arrangements of the house committee. Mr. and Mrs. McKenney with Exalted

(Continued on page 6.)

# SMALL GRAIN EXPERIMENT

## Maui Small Farmer Tries Oats and Wheat.

MAUI, April 16.—Mr. E. H. Bailey of Makawao, who perhaps takes more interest in agriculture from both a scientific and practical standpoint than any other person on the island, has recently planted for an experiment several acres of barley, oats, wheat and speltz, all of which are growing finely and are at the present time nearly a foot high. He consulted the United States Experiment Station as to the varieties of seeds to be used and followed the advice freely given. The oats are called 20th century oats, the barley is one of the latest varieties known to agricultural science, speltz is the newest "thing" in hay, and the wheat is styled macaroni wheat owing to its glutinous properties.

Mr. Bailey selected the wheat to please the many Portuguese residents of his vicinity. They complain that the bread made from American flour is too white and too brittle, not like that produced in their old home islands, they prefer to have their favorite food of an elastic glutinous nature which can be pulled out and twisted into long rolls. If this experiment is successful, it is to be hoped that the other farmers of the district will cultivate macaroni wheat—and the good old days be recalled to Makawao, the days of '49 when every field was green with tall waving wheat and Mauiites made money through the shipment of the staple to California.

The present season is a good one for Makawao farmers though planting has been somewhat delayed by rains, but has proved unfortunate for the Kula people whose recent crops of corn and potatoes have failed owing to too early planting, the cold winter rains having killed the young plants.

## MAUI RACING CLUB.

Saturday night, the 9th, the annual meeting of Maui Racing Association has held at the Walluku Court house. Most of the old officers were re-elected with the exception of the Executive Committee which now includes Messrs. M. L. Decker, W. H. Cornwell and W. T. Robinson.

This committee was instructed to prepare a program for the 4th of July.

## NEVADAN CARRIES BANANAS.

Per steamer Nevada which sailed for San Francisco from Kahului Friday night, the 15th, 628 bunches of bananas were exported as a trial of the California market. Cyrus Green sent 300 bunches of Walluku bananas and W. O. Aiken 328 bunches grown in Makawao.

It is stated that the Makawao fruit much exceeds the Walluku variety.

If this venture succeeds great impetus will be given to the banana industry of the island.

## NOTES.

Judge A. N. Kepolka is expected in Walluku as soon as his commission arrives from Washington.

Tom Pratt, the Hamakua poka steam plough engineer, is at the coast purchasing a new set of steam ploughs for the Maui Agricultural Company, (Palma and Hamakua poka).

Tuesday night, the 12th, congratulations were offered Mr. and Mrs. J. N. S. Williams of Puunene upon the birth of a baby boy.

Mr. Bliss of Erie, Pennsylvania, spent Thursday night, the 14th, on the summit of Haleakala and viewed the "Palace of the Sun" by sunset and sunrise.

Tuesday afternoon, the 12th, the

(Continued on page 6.)

# BAND WILL GO TO THE COAST WITH OLD MEMBERS

Twenty thousand dollars is the sum reported by J. C. Cohen to be on deposit in San Francisco against his cablegraphic order to bring the Hawaiian Government band and Madame Slapoffski to the mainland as a World's Fair attraction.

Mr. Cohen stated yesterday afternoon that M. B. Curtis will leave on the Sierra next Tuesday for San Francisco to make arrangements for the band on the mainland. Should the Honolulu business community, represented by the Chamber of Commerce and the Merchants' Association, decide to give the proposition its moral support, Curtis will be advised by cable to bill the band as touring under the auspices of the Hawaiian Government and to have the Territory advertised accordingly. Cohen's band will tour under the auspices of the American Theatrical Trust, of which Elks and Bridges are among the principal members.

Madame Slapoffski will not go to the coast with Curtis but will remain in Hawaii and should Cohen's proposition go through, will return with the band.

In concert work so that upon arrival at San Francisco concerts can be given there at once.

Mr. Cohen states that Captain Berger is in full sympathy with the movement for the mainland tour and is seeking the old members of the band who resigned when the monarchy was overturned. The band will be recruited up to its full strength of forty members.

The promoter goes about his work on the theory that the bandmen have stated that they do not care to continue longer with the government at reduced salaries. The \$15,000 either means a reduction of the number of bandmen, or that the salaries will be reduced all along the line, and many say they do not propose to work for such low wages. Captain Berger himself is said to feel that he does not care to be at the head of an organization which is small and not likely to bring credit to him.

Manager Cohen, if his proposition is accepted, intends to furnish the band with an entirely new set of instruments, to be presented to the individual members at the end of the tour. Mr. Cohen also proposed to make provision for the families of the members of the band before starting on the tour.

# HARMONY PREVAILED IN THE REPUBLICAN CONVENTION

**Carter and Kuhio at Head of Poll—Big Island  
Disappointed—Delegation for  
Roosevelt.**

## THE PLATFORM.

RESOLVED, That this convention, representing the Republican Party of the Territory of Hawaii, assembled for the purpose of electing Delegates to the National Convention of the Republican Party of the United States of America, to meet at Chicago in June next, believing that Theodore Roosevelt has proved to be an honest and upright President, representing the people of the United States in a most efficient manner, and believing the interests of the Republic will be best served by his election, we do most heartily endorse the present administration, and do hereby recommend and instruct the Delegates from this Convention to give their united support for the nomination of Theodore Roosevelt as President of the United States at the coming elections to be held in November, 1904.

With a morning and an evening session yesterday, the Republican Territorial Convention for the election of six delegates and six alternates to the Republican National Convention in Chicago passed off harmoniously. There was intense feeling underneath the surface, and the caucuses of districts throughout the afternoon are understood to have left things very uncertain. Results are spread at the top of the column and a full report appears below. Hawaii, the big island, bears all the disappointment.

### EVENING SESSION.

Temporary Chairman Lane called the convention to order at 7:50 and asked that any credentials not presented in the morning be handed to the secretary.

The roll call showed some delegates present who were represented by proxies in the morning.

### RULES OF CONVENTION.

Carl S. Smith presented a unanimous report of the committee on rules as follows:

### REPORT OF COMMITTEE ON RULES AND REGULATIONS.

To the Chairman and Members of the Republican Territorial Convention in Session April 18th, 1904.

Your Committee, appointed to draft rules and regulations for the governing of this Convention beg to report that, after due deliberation, the following are recommended:

I. Officers.—The officers of this Convention shall be a chairman and a secretary.

II. Order of Business.—The order of business shall be as follows:

1. The nomination and election by ballot of a permanent chairman and secretary.
2. The appointment by the chairman of judge and tellers of election.
3. Nominations for delegates to the National Convention.
4. Election of delegates to the National Convention.
5. Nominations for alternates to the National Convention.
6. Election of alternates to the National Convention.
7. Reports of committees already appointed.

### III. Balloting.

All balloting for selection of delegates shall be by voting at large, responding to the call of the roll of members by the secretary of the Convention.

Each member entitled to vote shall come forward and deposit his written ballot in a receptacle for that purpose.

Each member shall be entitled to vote for only six from among the nominees for delegates.

The six nominees receiving the highest number of votes shall be declared elected.

### 2. Vote for Alternates.

Voting for alternates shall be by same method as for delegates.

3. The chairman of the Convention shall appoint three members who shall act as judges and tellers of election, such judges shall have the power to count or reject any ballot cast, subject to an appeal to the Convention.

When the judges shall have counted and decided upon the ballots, one of their number shall report to the Convention the result of such count, together with the ballots rejected and the reasons therefor.

Mr. Achi moved to amend the report by having it state "that the temporary officers shall be the officers of this convention." Carried on a show of hands.

Mr. Gilman moved that the rules be amended to provide that elections should be by a majority of the whole convention, not by a plurality.

The motion was not seconded.

Election of delegates to the Republican National Convention was declared next business in order, and Chairman Lane appointed the following named as tellers after several had declined: Isaac Sherman, H. B. Kamao and David Morion.

### NOMINATIONS.

Several delegates rose on their feet at once to make nominations. J. C. Quinn of Kauai moved a resolution in his honor, claiming it was in order as

the committee on resolutions had not yet reported. He was declared not in order and the chair recognized Rev. S. L. Desha of Hilo.

### GOVERNOR CARTER.

Mr. Desha spoke in substance as follows:

"Not a great many years ago there was a child born in these Islands. He was brought up here, nourished in these Islands and carried on the backs of natives. He may well be called a native of the Hawaiian Islands. He early learned the duties of a citizen. Today he has become a leader of the people of these Islands. It is that man's name I want to go before this convention as a delegate to represent the Republican party of Hawaii in the great convention of Republicans in the land that is known as 'the land of the free and the home of the brave.' This man's name is George R. Carter, Governor of the Territory of Hawaii."

The Governor's name was received with great applause, the nomination being seconded by several delegates.

### DELEGATE KUHIO.

Samuel Parker said: "I take great pleasure in placing in nomination a gentleman of Hawaii who has once been the choice of the voters of these Islands for the highest electoral gift at their disposal, that of the office of Delegate to Congress, a son of the soil and one than whom there is no better qualified, Prince Kuhio Kalaniana'ole, as delegate to the National Convention to be held in Chicago on June 21, 1904. You all know him as well as I do, and I would ask you to suspend the rules and vote for these two gentlemen who have been named. I would ask to rise unanimously and elect these gentlemen to the National Convention."

Applause was long and loud but the motion for election by acclamation of the Governor and the Delegate was not entertained.

### REPRESENTATIVE KNUDSEN.

W. H. Rice was on his feet before the applause subsided and spoke as follows: "I believe the Island of Kauai is entitled to some recognition, and I wish to place in nomination the name of Mr. E. A. Knudsen."

Mr. Rice repeated the nomination in Hawaiian, which was well applauded.

### REV. S. L. DESHA.

Carl S. Smith desired to place in nomination a man who was born in their southernmost island. Years ago this man had embraced the principles of the Republican party. He embraced those principles in a manner that showed an earnestness few men have equalled in matters of political belief. Untainted by ambition he propagated Republican principles among his countrymen, notwithstanding he was met by jibes and sneers. He brought those principles to the knowledge of the people of East Hawaii, yes and to the people of all Hawaii. The rains and the drizzle of Waimea did not daunt him in the work. A man of God-given talents, the man whom he nominated, he asked them to consider the name of Stephen L. Desha.

### A. G. M. ROBERTSON.

John A. Hughes said he desired to place in nomination the name of a man who was a son of the soil, a standard-bearer of the Republican party, one who would represent the Republican party of Hawaii creditably at Chicago. He was a man who had sacrificed ambition for the sake of the Republican party, and one who was as free as the winds that blow around these Islands. Not an office-seeker but a public spirited citizen, the man he would place in nomination was Alexander Henderson.

Prolonged applause followed this nomination, and Mr. Henderson was again loudly applauded when he stood forward to thank his friends.

## DELEGATES TO CHICAGO.

**GOVERNOR GEORGE R. CARTER.  
PRINCE KUHIO KALANIANA'OLE.**

**WILLIAM H. HOOGS.**

**ALEX. G. M. ROBERTSON.**

**WILLIAM T. ROBINSON.**

**ERIC A. KNUDSEN.**

## THE ALTERNATES.

**STEPHEN L. DESHA**

**ROBERT W. BRECKONS.**

**J. K. NAHALE.**

**L. L. M'CANDLESS.**

**C. H. DICKEY.**

**H. H. BRODIE.**

### J. K. NAHALE.

J. D. Paris said: "I take great pleasure in nominating Mr. J. K. Nahale of West Hawaii. He is a representative man of Hawaii who has espoused the cause of the Republican party in Hawaii. If he is sent to Chicago he will be a man of whom the Hawaiian people may well be proud, an honor to the party and a credit to the Territory of Hawaii."

### W. T. ROBINSON.

Rev. S. Kapu of Lahaina, speaking in Hawaiian, nominated W. T. Robinson. They were now bringing forward young men to represent the country. This was a young man born on the Island of Oahu, brought up in Honolulu, who had made his home on the Island of Maui. He was a native of the soil and one whom they could all support.

### W. H. HOOGS.

Wm. T. Rawlins said he wished, in as few words as possible, to present the name of W. H. Hoogs. They all knew him as a good Republican worker and an estimable citizen.

### SENATOR M'CANDLESS.

J. A. Low desired to propose the name of a gentleman who was a citizen of Honolulu. Among many good qualities he possessed one that had not been mentioned of any other candidate, that of perseverance. He nominated L. L. M'Candless, Senator for Oahu.

### DISTRICT ATTORNEY BRECKONS.

Sam. Johnson had the name to propose of one who was not a son of the soil, but who had been here long enough to be well known. If he went to Chicago he would do credit to Hawaii. It gave him great pleasure to nominate Robert W. Breckons.

### WORD OF ADVICE.

G. B. Kamao of Hawaii wanted the convention to consider the results of its action in the different districts. There was a feeling in the country that the party was being conducted for the benefit of the whites. He wanted such action as would do away with that feeling forever.

Calls to order showed the impatience of the convention for the balloting.

### QUIET TELLING.

On the roll call, the tellers announced that 131 ballots had been cast. The votes were called amidst perfect stillness but for the voices of the tellers. One vote had two Robinsons. It was of a "straight" variety that carried both "Robertson" and "Robinson," but the tellers reserved their decision till the last. Then, as it did not affect the result it was counted for all it evidently meant. There was not even a ripple of applause, where there is generally an outburst, at the point where the successful candidates one after another crossed the safety line. This happened in the order given below, so that there was no close run near the end. The vote as below was received with prolonged applause.

### THE VOTE.

Carter	123
Kalaniana'ole	112
Hoogs	103
Robertson	86
Robinson	78
Knudsen	69
Desha	56
Breckons	52
Nahale	48
M'Candless	38

### ELECTION OF ALTERNATES.

J. C. Cohen, amidst cries that it was not in order, moved that the secretary cast the unanimous ballot of the convention for Messrs. Desha, Nahale, Breckons and M'Candless as alternates.

Mr. M'Candless responded to this proposal in these terms: "I thank the members of the convention for the votes they have given me. I think one slaughter is enough for one evening. I was not fortunate enough to get in on the way that landed all the others on the shore, but I do think that the fifth District, which carries two votes, and the Island of Hawaii with its five votes, ought to have had some consideration."

Mr. Desha elicited a roar of laughter and applause by saying: "I thank those that voted for me, and I take my share of the honor."

J. C. Quinn wanted to move an amendment to complete the quota of alternates by adding the names of Representative J. K. Gandall and Mark P. Robinson.

Mr. Low said it was impossible to consider Mr. Quinn's amendment. It was not in consonance with the motion at all.

The motion without the amendment was put and carried.

Geo. Cooper nominated Senator C. H. Dickey. Another delegate named H. H. Brodie, saying he was going to visit the National Convention anyway. H. C. Vida nominated E. C. Winston. J. A. Hughes presented the name of Samuel Parker, but the nominee turned it off with a humorous declination.

All candidates withdrew or were withdrawn but Messrs. Dickey and Brodie, who were then elected by open vote without opposition.

### RESOLUTIONS.

J. A. Gilman presented the unanimous report of the committee on resolutions, which was unanimously adopted with great applause. It submitted the resolution declaring in favor of the nomination of President Roosevelt at Chicago, which, under the heading of "The Platform," appears above. The motion to adopt was made by Mr. Rawlins and seconded all over the house.

### THE TERRITORIAL EXECUTIVE.

J. C. Quinn now took the opportunity denied him before the nominations of presenting his resolution, which was unanimously adopted on motion of Mr. Cohen, as follows:

"Whereas, Governor George R. Carter has shown that he has confidence in the people and their chosen representatives; and by word as well as deed has declared that the government of this Territory shall be 'of the people, by the people and for the people'; and 'Whereas, by his broad-minded utterances, by his fair treatment of all persons, by his courageous and patriotic attitude in calling the Legislature together, and by treating it as a co-equal department of the government, he has won the confidence and esteem of the people, has allayed party strife, has solidified the Republican party, and has opened up a new era in public and political affairs to the delight of all patriotic citizens of all parties; therefore

"Resolved, That this convention expresses its congratulations to Governor Carter upon the successful beginning of his administration, and pledge him our hearty support in every effort he may hereafter make to promote the welfare of the party and of Hawaii nel."

"Resolved, That a copy of this resolution, signed by the chairman and the secretary, be forwarded to the Governor."

### NATIONAL COMMITTEEMAN.

R. N. Boyd presented the following resolution:

"Be It Resolved: That it is the sense of this convention assembled, that Hon. A. G. M. Robertson may be appointed as the National Committeeman of the Republican party in the Territory of Hawaii."

This was carried unanimously.

### CONCLUDING BOUQUETS.

Samuel Parker moved that the thanks of the convention be tendered to the chairman, accepting an amendment to include the secretary, and called for passage of the motion with three cheers.

With rousing cheers, at about 10:30 o'clock, the convention dispersed.

### MORNING SESSION.

Senator Clarence L. Crabbe, as chairman of the Republican Territorial Committee, called the delegates to order at 10:25 o'clock. He asked the delegates from Hawaii and Maui to take seats at the right from the platform, and those from Oahu and Kauai on the opposite side.

W. H. Hoogs, secretary of the central organization, took the desk for opening preliminary. The chairman asked W. J. Cohen to act as interpreter.

Rev. S. L. Desha of Hilo, at the request of the chair, opened the proceedings with prayer.

Senator L. L. M'Candless, on the chair's calling for nominations for temporary chairmen, rose to nominate a man who was always ready for the chair. (Continued on Page 2.)

# LEGISLATURE WILL SIT STILL ANOTHER DAY

**Senate Was Anxious to Adjourn to Do Politics.  
County Resolution Veto Subject of Discussion in Both Houses.**

There is still to be another day of the Legislature. Practically all of the work of the session was completed yesterday afternoon and the Governor had the completed bills ready to return, when the Senate adjourned. It was reported in some quarters that the adjournment was taken in order to prevent a pocket veto of some of the bills, but as the Legislature would have to remain in session ten days to prevent this, the rumor cannot be true. The real reason for the failure to adjourn sine die, is probably the desire of some of the Senators to attend the Republican caucus yesterday afternoon. Be that as it may, members of the House were very much wrought up over the action of the Senate in adjourning for the day, and there was a little talk of retaliation. One member wanted the House to adjourn sine die anyway, but he was told that it would be illegal.

Yesterday was taken up in both Houses in clearing away accumulated odds and ends, and this morning will be occupied in acting on the Governor's message on the appropriation bills. There is a possibility of veto on several items in the current expense bill, but this is by no means certain. The appropriation bills will be the final acts of the session.

In the afternoon yesterday both Houses considered the Governor's only veto, that of the county resolution. A new one was passed in both Houses which will be amended today to meet the wishes of the Governor. The adjournment today will probably be before noon in order to allow Hawaii and Maui members to catch the Kinau.

### THE HOUSE.

At the morning session of the House a communication was received from the Senate, returning the malicious injury amendment as passed. The Senate also notified the House of its concurrence in the amendments to Senate Bill No. 6. The House resolution providing for an accounts commission was also reported back from the Senate without change.

A protest from Wailuku introduced by Kellinoh against the withdrawal of the \$50,000 appropriation for a wharf at Kahului was referred to the committee on resolutions.

Senate Resolution No. 1 providing for putting into effect, the changes made by the appropriation bills, immediately, was favorably reported from the Judiciary committee and passed.

The bill amending the 1903 loan law passed third reading without opposition.

### AFTERNOON SESSION.

At the opening of the afternoon session Harris presented an amendment to the bill providing for public deposits, and overdrafts, which had been suggested by the Governor. Harris said that the bankers wouldn't lend \$500,000 to the government as the law stood. Fernandez objected to the bill and wanted to know if any one but the bankers got the five per cent interest.

"It will help a lot of poor people," said Harris.

"We are all poor people," replied Fernandez who complained that he had to register his salary warrant.

The amendment was finally adopted, provided that "No money shall be obtained on such account or accounts except by draft of the Treasurer, countersigned by the auditor and approved by the Governor."

### CHANGE PARK NAME.

Kealawa presented a resolution providing for naming the public park at Hilo "Mooheau" park and authorizing the Superintendent of Public Works to put the change into effect. Admiral Beckley whose ancestral name is "Mooheau" sat at the side of the speaker while the ayes and noes were being called, and only Greenwell and Lewis had sufficient nerve to oppose the Admiral's wishes.

### COMMITTEE WAS DOUBTFUL.

Representative Paele reported verbally for the health committee a visit to Kailhi camp. He said that the committee had been taken out in a carriage by the President of the Board of Health and had inspected the persons confined there. They had found one case in particular which the legislators deemed suspicious, and didn't think the patient had the disease, but as the doctors had declared he was afflicted, the committee decided not to question the decision. Another case examined, that of Rev. Mr. Hanuna, the committee also was in much doubt about. He seemed quite well and the committee did not believe he was sick. This was the case which Speaker Beckley had asked the committee to examine, hinting that the suspect was confined for political reasons. The committee made no recommendations and the report was adopted.

Vida moved that the Governor and Senate be notified of the House's readiness to adjourn. A recess was taken to prepare the notifications.

### VETO SUSTAINED.

Upon reconvening Secretary Atkinson appeared with the message from the Governor, vetoing the County Commission resolution. Kumalae moved that the veto be sustained, which was done without a dissenting vote. Harris then introduced the administration resolution providing for a commission, two to be named by the House and two by the Senate, the members to be in full, and the evidence of the commission to be approved by the three. Harris moved its adoption. Fernandez moved that it be laid on the table. He said that the Legislature

could draft better bills than any commission, pointing to the experience with the old commission. "We had experience with one commission," said Fernandez, "and that one left a loophole in the law big enough for a cart to drive through, although it was composed of learned attorneys, including the Federal attorney. The result has been seen with one commission. If we leave it to the Legislature we will have a good law."

### KUMALAE TALKS.

Kumalae also said that the Organic Act prohibited the adoption of the resolution as introduced. He said that Section 8 gave the Governor the right to nominate all commissions, and here an attempt was made to give the power to the House and Senate. He moved to amend to strike out the portion giving the House and Senate power to nominate. He thought the law should be amended.

"Why not amend the Organic Act?" suggested Andrade.

"Can't do that," replied Kumalae seriously.

Kumalae then moved to strike out the offending portions, leaving the power in the Governor to appoint the entire commission of five. The amendment carried and the resolution was then adopted 18 to 9. The members voting "no" were Greenwell, Kaniho, Kou, Kupihea, Olli, Paele, Purdy and Wright.

Secretary Atkinson reported the signing of the garbage, malicious injury and loan amendment bills.

On motion of Kellinoh the House concurred in the Senate amendments to the Unpaid Bills act.

At this juncture, Secretary Savidge of the Senate reported that the Senate had adjourned until nine o'clock this morning.

Purdy presented the report of the committee on accounts showing the expenditures to have been:

Compensation and mileage	\$6,322.20
Pay of officers	305.00
Typewriting	96.55
Printing	58.58
Stationery and supplies	80.05
	\$6,873.38
Balance	3,126.76

Fernandez moved that the House adjourn without waiting for the Senate, but Beckley said that neither House could adjourn sine die without the consent of the other. Harris then moved that the adjournment be until ten o'clock in order to give the Senate an hour in which to do something. This motion carried.

### THE SENATE.

Pursuant to Saturday's adjournment the Senate met at 1:30 p. m. yesterday.

### JOURNAL AND ACCOUNTS.

Mr. M'Candless presented a report of the Finance Committee on the reference made to it Saturday, finding that fifteen days was not too much extra time for the clerk to have the Senate Journal printed, and recommending that such time be allowed. Adopted.

Mr. M'Candless presented a resolution that, upon adjournment of the Senate, the president is authorized to approve and pass on all bills against the Senate to be paid out of the Senate appropriation, and that the president is authorized to receive bids for the printing of the Senate Journal and award the contract to the lowest responsible bidder. Adopted.

### HOUSE MESSAGES.

A message from the House of Representatives announced the adoption of the Senate joint resolution authorizing the Governor to put into immediate effect the changes and economies proposed in the appropriation bills.

By message the House announced that it had passed on third reading Senate Bill No. 11 to amend Sec. 8 of Act 41 of the Laws of 1903.

### DEAD ISSUE PROTEST.

A communication was received from a Honolulu police secretary of the Hawaiian Association of Honolulu (Continued on Page 2.)

## TEN YEARS FOR EACH

(Continued from page 3.)

Ruler Richards received the guests at the mauka end of the hall until nine o'clock, when the dancing began. Punch of excellent brew revived the weary and a large bowl of cold consommé gave added vigor for the continuance of the dance.—Herald.

### LOST A FINGER.

A very painful accident occurred at the Enterprise Planing Mill last Saturday which resulted in the loss of a finger by Dick Behrens, the cabinet maker. In attempting to remove some work from the saw table, Behrens permitted his left hand to come in contact with the rapidly revolving circular saw, which he believed had been disconnected. His hand was violently thrown on the rip saw which was going at a high rate of speed and before he could recover himself, the fingers of his left hand were fearfully cut and lacerated. Medical assistance was immediately secured when it was found necessary to amputate one of the fingers. His hand and arm are doing nicely and under all the circumstances he is fortunate in not suffering the loss of his entire hand.

Mr. Behrens attributes the accident to his own carelessness.—Tribune.

### THE HILO RAILWAY.

Within two months the terminus of the Hilo railway in Olaa will be twenty-two miles. With that reduction in the distance to be covered by carriage to the Volcano the trip may be made with a little more comfort than at present though the hardest part of the journey is beyond twenty-four miles, a section that was almost entirely washed away by a Kona storm early in February. With the large increase in the tourist travel it would seem to be only a matter of decency to the people who are asked to visit the Volcano if this section of the road was improved. In its present condition it is not particularly beneficial to invalids. Three men were at work there last week cutting away the brush from the sides of the road but any improvement other than that was not noticeable. A few weeks ago as many men were sent to twenty-four miles to throw out the stones that had accumulated along the road. Instead of working up where the condition was the worst they worked down where it was not particularly needed. When the road from Honouliuli to the Volcano House is completed it is probable that the bulk of the travel to the crater will move that way unless repairs are made to the route from Hilo. This is a matter which directly affects the Wilder's company and it is strange that Mr. Wilder has not done something in the way of influencing the department of public works toward having the needed repairs made. Hilo may be able to do something but it will require Herculean efforts to move the powers at the capital. There is only a short distance to be repaired and the sum required is not large.—Herald.

### NOTES.

It is said that the Board of Education will soon discontinue its Hilo agency for the sale of school books and that when that takes place teachers and children will be obliged to purchase their supplies, probably from a dealer, in Honolulu at an advance over the present prices. If there is one thing more than another needed to make the public schools on Hawaii more obnoxious than they now are it is a corner in school supplies.

The ship Kenilworth has secured its full crew and will clear today for Delaware Breakwater for orders with a cargo of sugar.

The S. S. Helene which arrived on Monday brought three bags of mail and 150 Japanese laborers for Olaa and 66 for Waialua plantations.

All the forest fires in this vicinity which have been spreading with alarming rapidity in Hilo and vicinity are quenched by the recent rains.

At a meeting of the Young Men's Republican Club on Tuesday night it was decided to endorse George N. Day for first choice as delegate to the Republican convention at Chicago. J. K. Nahale of Kona was endorsed as alternate.

J. P. Hale has been appointed lieutenant of police, subject to the endorsement of the Republican committee, vice Chas. Moore, resigned.

The ship Falls of Clyde has been tied up to the railway dock during the past week.

The freight of the Amy Turner is being discharged from lighters at the railway wharf.

John T. Moir had no opposition as a candidate for delegate to the Territorial convention.

Postmaster Madeira has been officially notified that hereafter mail will not be held at San Francisco for the S. S. Enterprise but dispatched by the first steamer to the islands.

W. Ross Campbell, the genial society man about town, leaves today for Honolulu en route to Shanghai, China, where he will look into the business prospects of the country.

At a meeting of the Hilo Club held last week Doctor J. Holland was elected president. H. L. Shaw, treasurer and Mrs. D. W. Marston, secretary. There may be one or two more dances before the summer vacation. The following comprise the executive committee: Mrs. E. N. Holmes, Mrs. W. S. McLean, Miss Madeline and H. T. Board.

Forecast: Young was a passenger by the Island arriving yesterday. While here he will not only see the city, but also arrange for such time as will be suitable for the place. Should anyone be in need of a place for the removal of the trees in the bridge street vicinity in front of the T. C. bank, please call on the pair.

## SMALL GRAIN EXPERIMENT

(Continued from page 3.)

Ladies' Missionary Society held their annual meeting at the residence of Mrs. D. C. Lindsay of Paia.

Saturday afternoon, the 9th, Miss Edith Alexander of Paia gave a "tea" in honor of her guest, Miss Sumner of Hilo. Miss Sumner departed for Hawaii by the Kinau of the 12th.

By today's Claudine Mrs. S. H. Dowsett of Makawao will depart for New York to be gone for several months. She will be accompanied by her daughter, Mrs. Dora von Tempesky of Kula and her son, John H. Dowsett of Honolulu.

School Inspector Chas. W. Baldwin of Hawaii is spending an Easter vacation at Haiku—Inspector Chas. E. King has been at Kaupo.

Mrs. W. F. McConkey has been recently elected superintendent of the Sunday school of the Paia Foreign church.

During the week John Waterhouse of Honolulu has been visiting J. P. Cooke at Kulamann, his Kula residence.

Most of Maui's delegates to the Honolulu Republican convention of the 21st depart by today's steamer.

The score of the league baseball game at Wells' Park, Wailuku, the afternoon of the 16th, was Kahului 21 to Wailuku 7. The Kahului is a crack nine and with Jackson as pitcher should win the championship of the island. However this can be determined better after they have met the Stars.

This morning the ship A. G. Ropes arrived in Kahului in ballast, 31 days from Yokohama, Japan.

Weather—Delightful summer atmosphere with occasional showers—trades.

Phil Dankey at one time connected with the Hilo Hotel writes from Shanghai that the reports of continued Japanese success are likely to be exaggerated. He predicts a change in the fortunes of war in the far east and advises the public to look out for surprises.

The filling in, and grading of Bridge street, was a laudable piece of work and received the heartiest commendations; but to open Bridge street and thereby close King is not an evidence of clearheadedness on the part of a supposedly intelligent Road Board.

The Hawaii Mill is now running full blast, and since the installation of the two and three roller mills is turning out a fine grade of juice. The cane cut is of a fine healthy variety and the output of sugar for the season will be materially increased.

Mr. C. C. Kennedy, in tightening a steam valve at Waialua Mill last Tuesday, jammed his hand between the end of a wrench and a hot steam pipe, suffering a severe burn.

The tug "Councilman" of the Matsun Line has been refitted with new boilers and received a thorough overhauling. She is now ready to resume operations towing vessels in and out of the bay.

The much needed rain was a welcome relief to those in Hilo and vicinity relying on tanks for their water supply. Many of the plantation camps had to resort to water taken from the dunes.

Rev. Edward Bates Turner, for many years in charge of the Kohala Union church and Secretary of the Board of Managers of the Kohala Seminary, has resigned his pastorate and will leave soon for the coast.

Planters are jubilant over the fact that the rain appears to have come to stay and cane planting throughout the district is being pushed vigorously. Rose bamboo does not appear to be so much of a favorite as heretofore—yellow Caledonia taking its place.

BEFORE YOU START on a journey, procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This may save you much trouble and annoyance as it can not be bought on board the cars or steamship. For all forms of stomach and bowel troubles this remedy has no equal. For sale by all Dealers and Druggists. Benson, Smith & Co., Ltd., Agents for Hawaii.

**Ayer's Hair Vigor**  
Is a Hair Food.  
It feeds the hair, makes the hair grow, keeps it soft and beautiful. For sixty years Ayer's Hair Vigor has given perfect satisfaction to thousands of people in all parts of the world. It is a fact that we are sure it will satisfy you.

If your hair is turning gray and you wish all the hair that you have to be restored to its original color, use Ayer's Hair Vigor. It is the only hair restorer that will do it.

**MATSUMOTO MORITARO, MURDERER OF ARTHUR GLENNAN, AND CHESTER DOYLE WHO SECURED HIS CONVICTION.**

## DR. ATCHERLY HAS A KICK

Kamuela, South Kohala, Hawaii, T. H. April 15th, 1904.

The Editor Pacific Commercial Advertiser.

Sir:—In self-defense may I ask you to allow me to make public the means by which the same Legislature that last June raised my salary to 125 dollars, as Government physician, were induced to lower it to ten dollars a month, and at the same time to reduce that of other physicians.

I have it on the authority of certain members of the House, one of them the Speaker, that the following story about me, told by Governor Carter, produced the desired result, as well it might. This was the story: That a poor native boy came to me for medicine, for his wife, who was seriously ill at Hamakua (Hilo district), and that I refused to give the medicine till he paid for it, although my pay at that time was \$125, and that of the patient's husband only \$20. This statement seemed to those members who knew me, utterly incredible, and they asked for time to communicate with me, which was refused. Now the true account of this will show that the "poor boy," the patient's husband, was a Swedish farmer and team owner, certainly not poor or indigent. That he sent his Japanese with a note for the medicine, instead of coming himself. That my salary at the time was 50 dollars and not 125 dollars a month. That he had only that month given up hauling and gone to work for the ranch at 20 dollars together with a house rent free, free food, etc. That I was altogether unaware of this change. I had treated this family for some time having visited them at their home in Hamakua, six miles out of my district. He occupied this house with land and owned horses, mules, wagons, etc., with which latter he worked on the Government roads, hauling materials, and receiving \$7.25 a day (see books of S. Kohala Road Board) a sum more than three times my own pay of 50 dollars a month. He was under treatment himself, for a severe injury, just before his removal, and had not paid his bill, although he was able to do so; consequently when on April 30th, 1903, he sent his Japanese for more medicine for his wife, I told the Jap that I objected to continually treating people of another district for nothing, and left him waiting, while I went to the near-by store. In the meantime he laid a complaint at the ranch office, and Mr. Alfred Carter spoke to me about it; I gave the Jap the medicine, and he paid a dollar for it. In such a district as this without plantations a physician at 50 dollars a month must get fees from those who can afford it or he could not exist. It seems that he had just quit the hauling business and gone to work for the ranch at 20 dollars, but even

## PRAISE FOR THE LATE MRS. COOKE

The news of the death of Mrs. H. E. Cooke of Oakland came like a shock to her numerous friends here. Though for years her home had been in California, she never lost her hold upon the hearts of those who knew her. To a large and sympathetic circle this news from over the sea brought a profound sadness while to the few intimate friends the "Ways are darkened" with an overwhelming sense of loss.

Mrs. Cooke was rarely gifted socially. Her genial manner, her quick sense of humor, her sympathetic interest in others made her a favorite everywhere, and to those who knew her well she was the delightful companion, and in a marked degree the loyal loving friend. With a nature that was sincerity itself, subterfuges could not live in her presence and the atmosphere that surrounded her was clear as crystal. Added to this was the helping hand, and the generous heart.

No one will ever know to what extent Mrs. Cooke lived for others, for in all that she did there was an entire absence of show. She could not pose, but her strong attractive personality impressed itself upon all who knew her and all felt the influence of a noble sunny nature! The world is richer that she lived in it—poorer that she has gone! As the strong, the sweet the human, with whom we have walked side by side leave us, we are grateful that in the words of the poet: There is no Death, what seems so is transition;

This life of mortal breath Is but a suburb of the life elysian Whose portal we call Death."

ANNA M. PARIS.

then his income with free house rent and food was equivalent to more than my 50 dollars, prices here being higher than in Honolulu. It is likely that Mr. Alfred Carter knew nothing of this patient's real circumstances, still it would have been more just had Governor Carter investigated matters before discrediting me in the House. To be condemned, without a hearing, for charging a man in better circumstances than myself, a fee for medical services, when my own pay was not half enough to support a family in such a place in Waima, is the cruelest injustice. And if the physician here cannot exist on 50 dollars, to expect him to live on ten dollars a month and then never to demand a fee, on pain of further reduction, is an utter absurdity. I am sir, Yours truly,

JOHN ATCHERLY,  
M. R. C. S., etc., Govt. Physician to South Kohala, Hawaii.

## HONGKONG MARU MAY ALWAYS BE JAPANESE CRUISER

The America Maru may be the only vessel of the original fleet of the Toyo Kisen Kaisha operating between Hongkong-Yokohama-Honolulu and San Francisco, that will be in the future passenger service of the company. The Nippon Maru is reported to have been sunk, and the Hongkong Maru is reported to be so satisfactory to the Japanese Naval Department as a scout cruiser and commerce destroyer, that she may be retained permanently in naval service.

The Hongkong, when stripped of her passenger accommodations and turned into a cruiser, was strengthened and made over to a formidable warship. Capt. Greene of the America Maru, reports that the vessel appeared at Yokohama a few weeks ago with her war-paint on, and looking like a crack cruiser with big eight-inch guns mounted on the forward or poop deck. The poop had been strengthened beneath with bray timbers so that that portion of the vessel is able to withstand the terrific strain imposed upon it by the firing of the guns.

A letter from the Navy Department to the Toyo Kisen Kaisha officials recently, had showed that the Navy Department was very well satisfied with the vessel, both as to her speed and efficiency in the gun trials.

## WILL HOLD FIVE YEARS

### New Commissions Are Issued by Gov. Carter.

(From Saturday's Advertiser)

Heads of departments and other officials who held over under the appointments of Governor Dole, and were re-commissioned by Governor Carter, will keep their jobs for five years altogether. Governor Carter yesterday signed commissions for the various officers whose appointments were approved by the Senate this week, the commissions in each case dating four years from the date of confirmation.

Attorney General L. A. Andrews, Auditor J. H. Fisher, Superintendent of Public Instruction A. T. Atkinson, High Sheriff A. M. Brown, and Surveyor W. E. Wall, all heads of departments who were appointed by Governor Dole a year ago, are given new commissions for four years dating from April 13, 1904, to run for four years. As a result the appointments will hold over beyond the close of Governor Carter's term.

Governor Carter also signed commissions for the members of the Park Commission and for various other boards. No new commissions were issued to the inspectors of election as they have certificates holding good for four years. Only recess appointees, afterwards confirmed by the Senate are given the new commissions. Some of them have three or four documents signed by both Judge Dole and Governor Carter.

## Crying for Help

Lots of it in Honolulu But Daily Growing Less.

Backache is one of the first indications of kidney trouble.

It is the kidneys' first cry for help. Heed it.

Doan's Backache Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidney; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Honolulu citizen.

Mr. Charles Comey, of Cyclometer street, this city, one of the many persons who have tried Doan's Backache Kidney Pills with great advantage, relates his experience thus: "I have been a hack driver for a number of years past and this is an occupation in which, through exposure to weather and much jumping up and down from the vehicle, one is particularly liable to kidney complaint. I suffered myself from a lame back for a long while, and in my anxiety to get rid of it tried several things which did not reach the root of my trouble. An advertisement acquainted me with what grand work Doan's Backache Kidney Pills were doing, and I got some of them at the Hollister Drug Co.'s store. I used them and with very much profit, for they relieved my back wonderfully."

Doan's Backache Kidney Pills are for sale by all dealers or sent by mail on receipt of price, 50 cents per box, by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no other.

Chinese residents of this city, numbering seventy, have donated the sum of two hundred nineteen dollars and fifty cents (\$219.50) to the Japanese Red Cross Society through Dr. Iga Mori. Among the donors, Messrs. Foo Yet Chong, Pang Lum Mow, Lee Sue Heng, Wong Cheu, Chau Shun, Yee Yip, Sum Yip and Kong Kim will be enrolled as regular members of that Society according to its rules.—Hawaii Shinpo.
